

**Bruce Gordon, RPh, Pharm D
Principal, Pharmacy Consultant**

Career Summary

Dr. Gordon is a Principal Pharmacy Consultant with Premier's Pharmacy program based in Charlotte, NC. Dr. Gordon provides consultative services to hospital and health-care systems to identify opportunities to improve operations and cost-effective therapeutic interventions in supply chain management and medication utilization. He provides clinical decision support to maximize outcomes in utilization and selection of therapeutic agents. Areas of consultative services include:

- Evaluation and development of clinical pharmacy services
- Assessment of Medication Safety
- Review of drug procurement models, minimizing costs
- Management of drug use in clinical settings
- Cost reduction techniques in drug delivery process
- Evaluation and assessment of pharmacy operations

Selected Experience

Dr. Gordon has previously been a clinical coordinator and a regional clinical pharmacy coordinator, providing clinical pharmacy services for over fifteen years. He has served the Maryland Board of Pharmacy, the American Society of Health-System Pharmacists, the American Association of Schools of Pharmacy, and various professional schools as an expert in medication safety. He is currently co-course master for the University of Maryland School of Pharmacy's course, "Medication Safety in Health Care".

Recently, Dr. Gordon was a Principal Consultant and the Director for Medical Error Consulting at BD Healthcare Consulting and Services. In this role for over five years, he served as Project Manager and consultant for large health system supply chain performance improvement initiatives and patient safety assessments. His consulting services enabled hospitals and health-systems optimize clinical outcomes, minimize pharmaceutical expense, and promote patient safety.

Dr. Gordon has published the chapter "Medication Safety Self Assessments" in Medication Safety: A Guide for Health Care Facilities. He also served as the American Association of Colleges of Pharmacy Delegate to the "Executive Session to Build a Shared Vision of Nursing and Pharmacy about Safe Medication Use in Hospitals" published in 2003.

Education and Affiliations

Bruce Gordon graduated from the University of Maryland with Bachelor of Science and Doctor of Pharmacy degrees.

Dr. Gordon is an active member of the American Society of Health-System Pharmacists and the Maryland Society of Health-System Pharmacists. Bruce has served in multiple state and national leadership roles and is Past-President of the Maryland Society of Health-System Pharmacists. He received the Maryland Society of Health-System Pharmacists "Pharmacist of the Year" award in 2002 and the University of Maryland School of Pharmacy Honored Alumnus Award in 2001. He has also been elected to membership in Phi Lambda Sigma, the national pharmacy leadership society.
